Functional Logic Programming with Distributed Constraint Solving

Mircea MARIN

(July 2000)

RISC-Linz Report Series No. 00-28

Supported by: The Theorema Project, the project "Distributed Constraint Solving for Functional Logic Programming" (AITEC Contract Res. Programme), Grant-in-Aid for Sci. Res. on Priority Areas, Grant-in-Aid for Sci. Res. (B) 10480053.

PhD Thesis
